1. Purpose of the policy

The purpose of this policy is to outline what is meant by a child missing in education (CME) and the steps which will be taken by academies in the Trust to ensure that children who fall into this category are dealt with in the correct way according to National legislation and local procedures.

It outlines the responsibilities for managing Children Missing Education within the Trust in alignment with the 'Working Together to Improve School Attendance' statutory guidance and the objectives of Lincolnshire County Council.

This policy needs to be read in conjunction with:

- Trust Child Protection and Safeguarding Policy
- Academy Site Specific Safeguarding Policy
- Attendance Policy
- Academy Site Specific Attendance procedure
- Admissions Policy
- Supporting learners with medical conditions policy
- Exclusion policy
- Learner with Health Needs who cannot attend school policy
- Alternative Provision Policy
- Special Educational Needs and Disability policy

2. The Law and the National Framework

This policy has due regard to legislation and statutory guidance, including, but not limited to, the following:

- DfE (2023) 'Working together to safeguard children'
- DfE (2025) 'Keeping children safe in education'
- DfE (2016) 'Children missing education'
- DfE (2024) 'Working Together to Improve School Attendance'
- DfE (2024) Summary of table of responsibilities for school attendance
- The Education Act 1996
- The Education Act 2002
- The Education and Inspections Act 2006
- The Children Act 1989
- The Children Act 2004
- The Education (Pupil Registration) (England) Regulations 2006 (as amended in 2016)
- The Education (Pupil Information) (England) Regulations 2005 (as amended in 2018)
- The School Information (England) Regulations 2008 (as amended in 2018)
- The Education (Provision of Full-Time Education for Excluded Pupils) (England) Regulations 2007 (as amended in 2014).

3. Definitions

For the purpose of this document a Child Missing Education is defined as:

- Any child of compulsory school age (5-16) who is not attending school, not placed in alternative provision by the Local Authority, and who is not receiving a suitable education elsewhere suitable to their needs, that is, their age, ability, aptitude, SEND.
- And any child who is not on a school roll, nor being educated otherwise (e.g. at home, privately, or in alternative provision) and who has been out of any education provision for a substantial period of time (practice nationally is four weeks). This includes children who are awaiting a school place and children in receipt of unsuitable education, including the children that local authorities are supporting to place into suitable education.
- An elective home educated (EHE) child whose education is deemed unsuitable should be classified as CME.

For the purpose of this document a Child at Risk of Missing Education is therefore defined as:

- Any child of compulsory school age (5-16) who is on roll of a school but has less than 50% attendance in a school term
- Any child of compulsory school age (5-16) who is subject to a modified/reduced timetable for more than one school term (six weeks)
- Children on reduced timetables.

4. Why Children miss education

Children go missing from education for a variety of reasons.

The most common ones are:

- Failing to register at school at age five
- Unsuccessful transition from nursery to primary and primary to secondary
- Cease to attend, due to exclusion (formal withdrawal)
- Child not attending following mid-year transfer of school
- Parent/carers unable to find a school place after moving into the Local Authority
- Parent/carers failing to provide adequate learning whilst home educating.

Often families become disengaged from the education system as a whole, with the main factors leading to this being:

- Child being a victim of bullying
- Frequent moves of house including periods of homelessness or periods in a refuge
- Transience/family mobility
- Child experiencing family breakdown
- Frequent absence leading to low attendance (particularly Year 10 and Year 11)
- Disaffection resulting in parents withdrawing the learner
- Involvement in youth offending
- Child being a victim of exploitation.

There are particularly vulnerable groups, who have been identified as being more likely to become children missing education. Those are:

- Young people who have committed offences
- Children who are being exploited
- Children living in women's refuges
- Children of troubled families i.e. suffering bereavement, trauma, domestic abuse, homelessness etc
- Young runaways
- Children with special educational needs
- Refugee and asylum-seeking children
- Children who are new to the country
- Travelling families
- Looked after children
- Teenage parenthood
- Children with mental health issues
- Young carers
- Children who are permanently excluded from school
- Young people being forced into marriage
- Young people victims of female genital mutilation
- Child trafficking
- Young people involved in substance misuse.

5. Roles and Responsibilities

The Academy

- The Head Teacher, Attendance Champion and Designated Safeguarding Lead in each academy will implement and monitor the CME policy and ensure that all staff have the training and knowledge to support this.
- The school staff will report and act on attendance concerns promptly and support initiatives to reduce CME.
- The academy will enter learners on the admissions registers at the beginning of the first day on which it has been agreed by the academy, or the day that the academy has been notified, that the learner will attend.
- In the event that a learner fails to attend the academy on the agreed or notified date, the academy will undertake reasonable enquiries with the support of the Trust Attendance Team if required to establish the reason for this absence and will notify the Local Authority at the earliest opportunity, typically within 5 working days.
- The academy will hold more than one emergency contact number, an email address and a current home address for each learner.
- The academy will keep an accurate and up-to-date admissions register by encouraging parents to inform them of any changes.
- The academy will monitor learners' attendance through a daily electronic register and make daily contact with parents/carers for every day of absence through a combination of telephone calls, text message, emails and home visits.
- If there is an unexplained absence the academy will make attempt to make contact with the parents/carers and conduct home visits if necessary.
- The school may investigate the circumstances leading to a child's absence and take appropriate action, including involving other agencies if necessary.
- Maintain detailed records of actions taken place in response to all absences.
 - The academy will continue to make reasonable enquiries following a child being logged as CME with the local authority. Once a pupil has been logged as CME, the academy will:

- Remove learners, after or before 20 consecutive school days, from the roll and cease the CME process once they have sufficient evidence of the child leaving the area and being educated elsewhere.
- Remove learners from roll after 20 consecutive school days if they have had no further confirmation that they are living in the area and therefore should be attending the academy.
- Complete a leavers file (CML) for the local authority so that they can be tracked until they have arrived at their destination school.
- Remove learners from the admissions register, where they have been absent for 10 consecutive school days following an authorised absence, or where they have been absent for 20 consecutive school days without authorisation (in accordance with Regulation 8 (1), paragraphs f and h (iii) of the Education (Pupil Registration) (England) Regulations 2016.) This only applies if the academy does not have reasonable grounds to believe that the absence is due to illness or unavoidable cause.
- Notify the local authority of pupils removed from the admissions register as per Regulation 8.
- Arrange appropriate full-time education from the 6th school day of any fixed term exclusion.
- The Academy will be alert to learners who may require Early Help because they are frequently missing or go missing from home or care. They will:
 - Work with families to address barriers to regular attendance and may offer Early Help Assessments and follow the Emotionally Based School Avoidance pathway to help identify what support is needed. They will participate in multi-agency meetings and initiatives to address CME and improve individual and overall school attendance.
 - Ensure all staff are aware of the academy policies and procedure for when children go missing from education or at risk of missing education and unauthorised absences.
 - Ensure all staff are aware that CME can be an indicator of safeguarding concerns, including neglect and abuse and that the academy and Trust Attendance Team follow its safeguarding policies in all CME cases.
 - Ensure all staff are aware of their professional duty to escalate concerns to the Attendance Champion about children who they feel may be classed as missing from education or potentially missing education.
 - Will provide support during transitions e.g. primary to secondary school, in order to prevent CME from occurring at the academy

Parents/ Carers

- Will ensure that their children, who are of compulsory school age, are in receipt of appropriate full-time education
- Provide the academy with more than one contact number, an email address and a current home address and ensure that these are updated as appropriate
- Notify the academy, at the earliest opportunity when their child will be leaving the academy and ensure a leavers form is completed with as much information as possible, a forwarding address and new school is vital.
- Notify the academy of any absences, planned or otherwise at the earliest opportunity
- Notify the academy at the earliest opportunity, in writing, where they plan to home educate their children so that they can be removed from the admissions register.

Trust Board

- Ensure that all academies have effective safeguarding policies and procedures in place

The Executive Team

- Gather assurances from academies that they keep admission and attendance registers in line with regulations
- Gather assurances that academies hold more than one contact number an email address and a current home address for each child on the admissions register.
- Ensure that all children receive their entitlement to a full-time education and will work diligently with Academies to address instances of CME in accordance with the statutory guidance and the local authority objectives.
- Ensure that the policies and procedures in place are followed for removing children from the school admission register including where they are logged as a Child Missing Education

Local Authority

- Respond to notifications of children missing education
- Ensure that the process is followed for children missing education
- Track children logged as missing education

- Carry out necessary investigations with other agencies including the Home Office, Ministry of Defence etc
- Carry out investigations necessary to ensure the safety of children missing education

6. Reasonable Enquiries

For the purpose of this policy, reasonable enquiries are defined as limited, investigative powers that the academy may action to determine a child's whereabouts and whether they may be in danger.

In line with the Children Act 2004, the academy will follow appropriate procedures when carrying out reasonable enquiries, such as the Education Welfare Officers (EWO) conducting discussions with neighbours, relatives or landlords, to determine whether a child may be at risk of harm

Where the whereabouts and safety of a child is unknown, the academy, in conjunction with the Local Authority, may carry out the following actions:

- Make daily contact with the parent/carer, relatives and neighbours using all known contact details
- Follow local information sharing arrangements and making enquiries via other local databases and agencies where possible
- Check with agencies known to be involved with the family
- Check with the Local Authority and school or academy from which the learner moved originally
- Check with the Local Authority where the learner lives, if this is different to where the school is located
- Liaise with the schools of any known siblings
- Conduct home visits and make enquiries with neighbours or relatives, if appropriate
- This list is not exhaustive – the academy and Local Authority will use their judgement towards what reasonable enquiries are appropriate, once all the facts of the case have been taken into account.

7. Outcomes

Children that are found but not in education

Most children are found through the investigations outlined above. When a child is found, and they are not in education, the Local Authority will support the parents/carers to get the child back into education. This is usually achieved by asking parents to submit a School Admission form. If however, the parent/carer does not fulfil their legal duty to ensure their child receives an education, the Local Authority may commence a School Attendance Order.

It is possible that the child has not been to school for a significant period and therefore they may be placed in a school using the Fair Access Protocol. Children who have been out of school for a lengthy period will potentially need more support than a usual in-year admission. The academy may need to consider completing appropriate assessments to establish needs and ensure that the reintegration into education is successful.

Children who are not found

A small percentage of children who are reported to the Local authority as CME are not found following the investigations. This does not necessarily mean that the child is at risk, as the child is assumed missing with their family. The risk assessment that is completed by the academy will help to determine the level of concern.

If it is suggested that the family have moved out of the county and the CME Tracker knows which authority they have moved to, the Tracker will contact this authority to notify them. The Local Authority may send out an email to all local authorities as a response to a child missing education.

If the family leaves the country without informing the school of their location and the school have notified the Local Authority of this child as a CME as they have concerns, the Local Authority SEWO may check with the academy, Trust EWO and other agencies as to the nature of the concerns. The Local Authority may check with Immigration and Border Force depending on the level of concern.

Children who are not found at the end of all investigations are reported to HMRC, by the Local Authority, who may be able to provide them with a forwarding address or confirm that the family is still residing at the current address.

Further investigations will be carried out by the Local Authority on children who remain missing. This will be more regularly with newer cases moving to twice a year for older cases. These investigations will continue by the Local Authority until the child is no longer statutory school age.

This policy ensures compliance with the latest statutory guidance while aligning with the specific objectives of Lincolnshire County Council. Regular review and collaboration with the local authority are key components to maintaining its effectiveness.
